MAJOR OPERATION

Diagnosis	Operation
Degenerative intramural myoma with hematometra with hemoperitoneum with pelvic adhesion	Exploratory laparotomy with total abdominal hysterectomy with right salpingo-oophorectomy
Right endometriotic cyst	Exploratory right salpingo-oophorectomy with lysis adhesion with left tubal resection
Endometrioid adenocarcinoma of endometrium stage at least IB grade II	Total abdominal hysterectomy with bilateral salpingo-oophorectomy

MAJOR OPERATION

Diagnosis	Operation
Right ruptured tubal pregnancy	Exploratory laparotomy with bilateral salpingectomy
Degenerative intramural myoma	Total abdominal hysterectomy with bilateral salpingo-oophorectomy with lysis adhesion with ascites collection

MAJOR OPERATION

Diagnosis	Operation
Right ruptured tubal pregnancy	Exploratory laparotomy right salpingectomy
Right ruptured tubal pregnancy	Exploratory laparotomy right salpingectomy
Borderline mucinous type of right ovary	Exploratory laparotomy with total abdominal hysterectomy with bilateral salpingo-oophorectomy with bilateral pelvic node sampling with omentectomy with peritoneal washing

MAJOR OPERATION

Diagnosis	Operation
Primary peritoneal cancer	Total abdominal hysterectomy with right salpingo-oophorectomy with left salpingectomy
Twisted left ovarian fibroma	Exploratory total abdominal hysterectomy with bilateral salpingo-oophorectomy with bilateral pelvic node sampling with ascites collection

MAJOR OPERATION

Diagnosis	Operation
High-grade serous adenocarcinoma of ovary	Exploratory laparotomy with bilateral salpingo-oophorectomy with omental biopsy with lysis adhesion
Left ovarian benign mucinous cyst	Exploratory laparotomy with total abdominal hysterectomy with bilateral salpingo-oophorectomy with peritoneal washing

MAJOR OPERATION

Diagnosis	Operation
Recurrent clear cell carcinoma of ovary with abdominal adhesion with tear small bowel and large bowel	Exploratory laparotomy with debulking tumor with lysis adhesion with repair small bowel and large bowel

MINOR OPERATION

Operation	Times
Marsupialization	6
Incision and drainage	1
Fraction and curettage	4
Loop electrosurgical excision procedure	0
Curettage	13
Excision	1
Debridement	2
MVA	1
Resuture	4
Evacuation	1

LAPAROSCOPIC SURGERY

Operation	Times
Total laparoscopic hysterectomy with Bilateral salpingo-oophorectomy Bilateral salpingectomy	8
Laparoscopically assisted vagina hysterectomy with Bilateral salpingectomy Bilateral salpingo-oophorectomy	5

LAPAROSCOPIC SURGERY

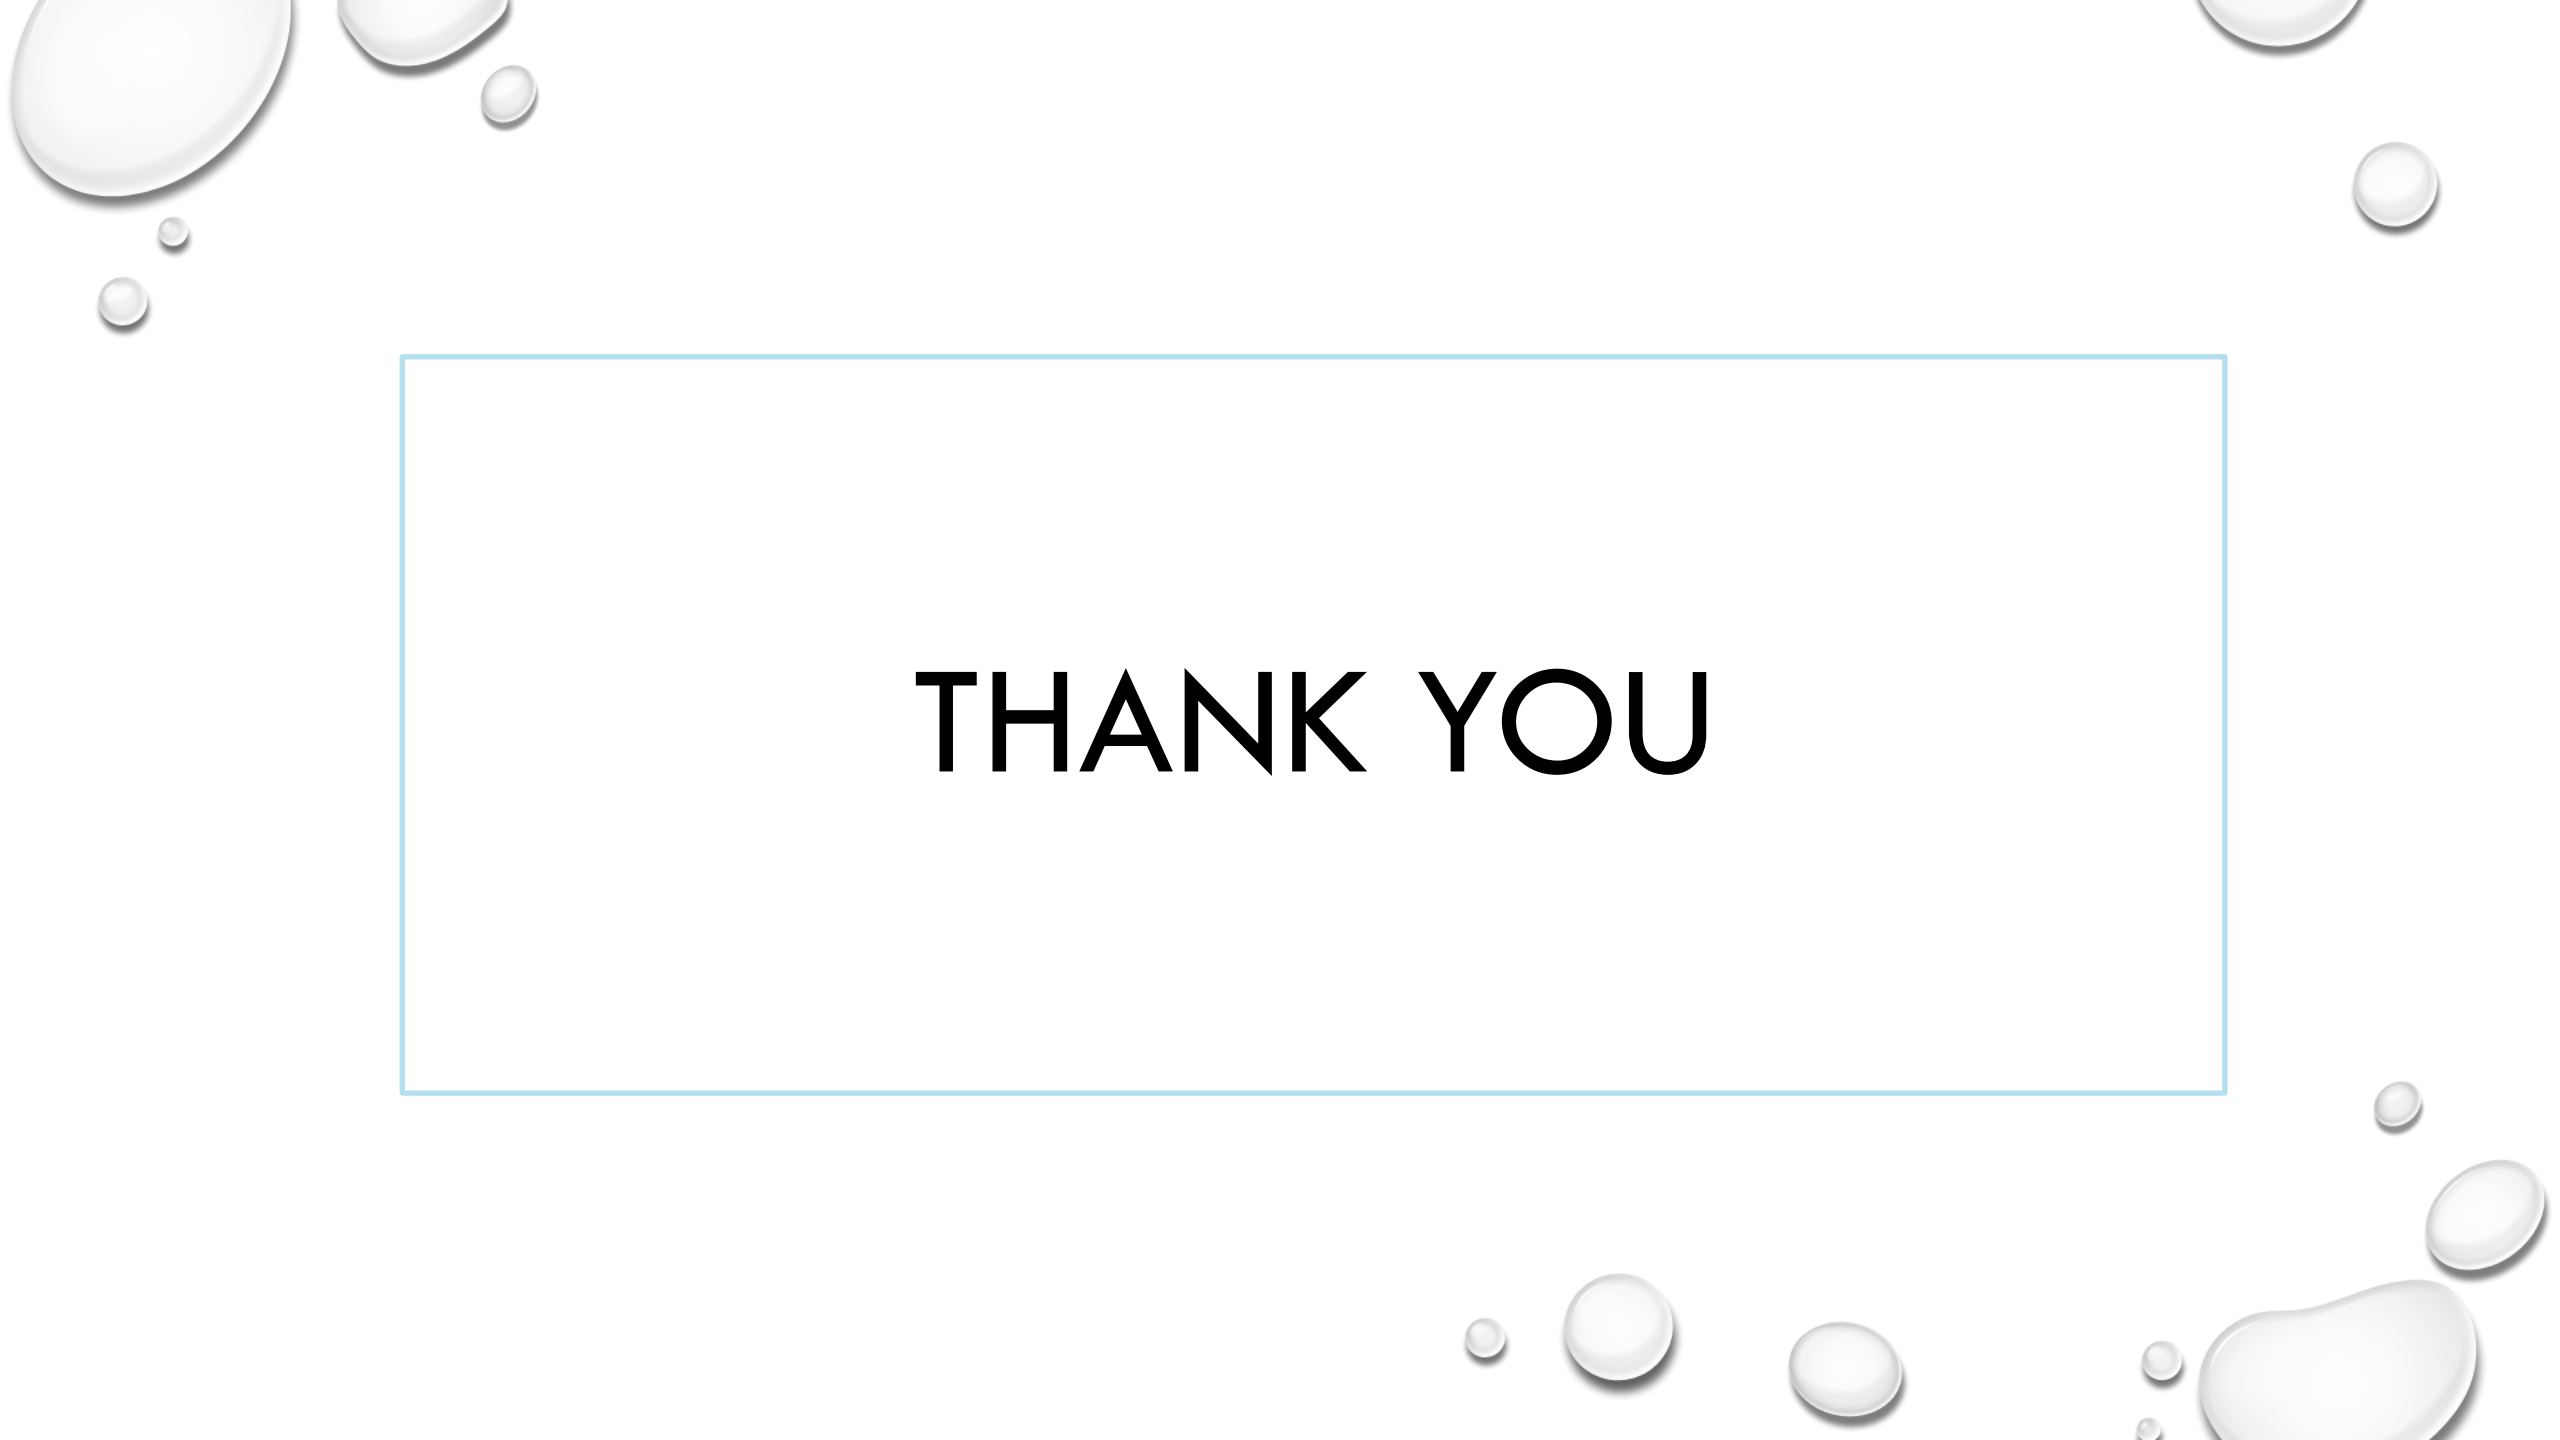

Operation	Times
Laparoscopic bilateral salpingo-oophorectomy	1
Vaginal hysterectomy with AP repair	1
NOTES	2

LAPAROSCOPIC SURGERY

Operation	Times
Laparoscopic tubal re-anastomosis	7
Laparoscopic myomectomy	8
Laparoscopic diagnosis	3
Laparoscopic cystectomy	10

LAPAROSCOPIC SURGERY

Operation	Times
Hysteroscopic Resection Curettage Polypectomy	6
Vaginal myomectomy	0

The image features a white background with several realistic water droplets of varying sizes in the corners. In the top-left corner, there is a large droplet and a few smaller ones. In the top-right corner, there is a medium-sized droplet and a small one. In the bottom-right corner, there is a large, irregular droplet and several smaller ones. In the bottom-left corner, there are a few small droplets. A large, empty rectangular box with a thin blue border is centered on the page.

THANK YOU
